Completion

Risk Rating Reference:

- Look at the total score above and select the relevant risk level.

Sample Risk Level

Risk Level	MFS Score	Action
No Risk	0 - 24	Good Basic Nursing Care
Low Risk	25 - 50	Implement Standard Fall Prevention Interventions
High Risk	≥ 51	Implement High Risk Fall Prevention Interventions

Overall Risk Rating

Low Risk

- Patrick should walk regularly
- Keep house route unobstructed
- Do not push yourself to stand alone if you're having trouble, just use a bell to call for assistance if necessary.
