ISO 26000 Audit / Organizational Governance, subclause 6.2

Is there transparency in the organization's decision-making processes?

In Progress

Since we're nearing the EOY annual review, updates are being currently discussed for our decision-making processes. This is in line with our revised CSR efforts and goals in 2024. Looping in the executive representative here in the action opened in this item. I also attached the 2023 manual for reference.

Completion

Corrective Actions and/or Next Steps

Generally, our organization is on track with the ISO 26000 standard's framework for CSR practices and initiatives. The only main thing we must prioritize is the completion of the following:

- Updates on the Corporate Decision Guidelines
- Updates on the Leadership COC

Auditor Name and Signature
