**Actions** 1 action

Forklift Training and Assessment

Trainee knows how to complete and document pre-operational checklists.

For Follow-Up

Since the pre-operational checklists were recently updated to the team, there needs to be a new training session specifically for this. We're still waiting for the documents to be finalized and deployed on Monday morning, so this will be a required follow-up action.

To do | Assignee SafetyCulture Staff | Priority Low | Due 13.11.2023 09:00 PST | Created by SafetyCulture Staff

Complete training on the usage of our updated forklift pre-operational checklists.

| Forklift Training and Assessment   | 1 action, 10 / 10 (100%)          |  |  |  |
|--|-----------------------------------|--|--|--|
| Provide an overview of the forklift's purpose, applications in the workplace, and its significance.  |                                   |  |  |  |
| Introduce the steps to performing pre-operational checks.  | abla                              |  |  |  |
| Trainee can perform pre-operational checks independently.  | Pass                              |  |  |  |
| For this, we used the old pre-operational checklist since the updated one still isn't deployed.  |                                   |  |  |  |
| Trainee knows how to inspect the forklift for safety before each use.  | Pass                              |  |  |  |
| All key safety checks were performed adequately and properly.  |                                   |  |  |  |
| Trainee knows how to complete and document pre-operational checklists.   | For Follow-Up                     |  |  |  |
