Say hi!

This will be a collaborative session, so before we get started introduce yourself to your neighbours.

Why progress stalls?

- Frontline turnover
- Inconsistent training
- Manual processes
- Frontline communication
- Engagement and retention
- Technical knowledge*

52% of frontline workers believe there's an "us vs. them" divide between frontline employees and management.

Feedback from the Field 2024

62% of frontline workers believe that knowledge sharing within their organisation is ineffective.
